

Lessons learned from one of New Zealand's most challenging civil engineering projects: rebuilding the earthquake damaged pipes, roads, bridges and retaining walls in the city of Christchurch 2011 - 2016.

Good Driver Behaviour Flyer

Story: Project 'Chocolate Fish'

Theme: Communications and Community

An example of a public flyer promoting good driver behavior, handed out in areas of traffic detours or delays.

This document has been provided as an example of a tool that might be useful for other organisations undertaking complex disaster recovery or infrastructure rebuild programmes.

Sometimes being caught in roadworks is not a bad thing

Rebuilding more than 500km of wastewater pipes is a big job. With most pipes located under the road, roadworks will be part of life in Christchurch for several years.

Thank you for your patience so far. We know it isn't easy.

Doing the right thing at roadworks - it's as Kiwi as... a chocolate fish.

Roadworks = Rebuild, and that's a good thing!
