

Lessons learned from one of New Zealand's most challenging civil engineering projects: rebuilding the earthquake damaged pipes, roads, bridges and retaining walls in the city of Christchurch 2011 - 2016.

Brunei lecture locations

Story: The 10th Brunei International Lecture Series:
Collectively we are Stronger

Theme: The SCIRT Model

A PowerPoint presentation which illustrates the locations where Duncan Gibb presented his Brunei lecture.

This document has been provided as an example of a tool that might be useful for other organisations undertaking complex disaster recovery or infrastructure rebuild programmes.
